

Attendee N Time Code Question or Answer

- Attendee 2 00:52:03] Q: [There's a choice?
- Attendee 1 00:53:03] A: [AI is a tool and a great resource. I always want to be on the front lines learning ar
- Attendee 2 00:55:56] Q: [Do we have to sign up first?
- Attendee 2 00:57:55] Q: [can you add speaker notes in a similar way?
- Attendee 2 01:00:03] A: [I also can refer Cyber professionals to positions. There are several open.
- Attendee 2 01:02:17] Q: [Can I share a template ppt and ask it to create / update from notes?
- Attendee 2 01:02:53] Q: [how easy is it to incorporate branding, e.g. color palette from a client?
- Attendee 3 01:03:22] Q: [Can you review what you generated from chatGPT?
- Attendee 2 01:03:45] Q: [What about image/IP licensing?
- Attendee 2 01:04:43] A: [You will get the new generated answer that is how you updated information on th
- Attendee 2 01:04:43] Q: [Is the presentation created shared, therefore available on the internet or is it on
- Attendee 2 01:05:40] Q: [What are the different AI models? I only hear about OpenAI - ChatGPT ver 4.0
- Attendee 2 01:05:49] Q: [Apologies. What tool is he currently using?
- Attendee 3 01:09:55] A: [AI Image Generator - Create Art, Images & Video
- Attendee 3 01:13:03] Q: [I believe Gamma's free version may be limited to 10 slides per presentation. Do
- Attendee 2 01:14:00] Q: [How far were you from the final version? Did you have to make tons of changes (
- Attendee 3 01:14:32] Q: [Does this only work on Power Point or would it also work in Google Slides?
- Attendee 3 01:14:53] A: [Prompt engineering is so powerful ..check PMI's Talking to the Machine incase y
- Attendee 2 01:14:57] A: [the max file size to import a ppt file is 200mb
- Attendee 2 01:14:58] Q: [Will the chat be saved? There are lots of great connections here.
- Attendee 3 01:16:37] A: [See link from above - <https://help.gamma.app/en/articles/7856738-how-to-import-ppt>
- Attendee 2 01:16:41] Q: [Where you please with the power point content since it is the most important pa
- Attendee 2 01:21:30] Q: [Is gamma free-version kind of decent for individual use?
- Attendee 6 01:21:50] A: [Good question about IP. To my understanding, IP is the wild west. The courts ha
- Attendee 2 01:22:18] A: [how likely is Microsoft going to incorporate AI in its ppt app
- Attendee 2 01:22:34] Q: [Can I share a ms word doc that has a term paper and provide it some prompts to
- Attendee 3 01:23:58] A: [Microsoft has Co-pilot which I believe works with the office apps, at least to som
- Attendee 3 01:31:17] A: [We have sessions today that range from beginner to intermediate levels of exper
- Attendee 2 01:31:59] A: [Fears of becoming unemployed is a reality speciality people in IT
- Attendee 3 01:32:08] A: [Yes there is a lot of fear and anxiety that comes up even from just mentioning AI
- Attendee 2 01:33:11] Q: [Do any of these rooms have FedRAMP certification?
- Attendee 2 01:35:22] Q: [Oops. Meant to say do any of these applications have FedRAMP certification?
- Attendee 2 01:38:06] A: [We are approaching what Bill Gates coined as "innovation at the speed of thoug
- Attendee 1 01:38:22] A: [I love AI - having worked with it 1st for creative projects I've found that it's learnir
- Attendee 4 01:38:27] A: [C/D Not every day but at least 2-3 times a week
- Attendee 1 01:40:03] Q: [Do you have any AI tool which is FedRAMP certified to use with Federal governm
- Attendee 1 01:42:28] A: [AI enabled 'scribing' from meetings are invaluable. I can focus more of my atten
- Attendee 2 01:45:15] A: [For anyone applying to jobs, you can upload your resume and a copy of the desc
- Attendee 4 01:47:01] Q: [I'm a huge PMI fan, but is it really possible to have a successful project in the rea
- Attendee 4 01:49:45] A: [This is enlightening to me... I work in construction projects for our law firm (I kno
- Attendee 3 01:50:02] A: [Reacted to "Hey Chat GPT - finish this building.jpg" with ??
- Attendee 5 01:51:00] A: [Here is an answer to the "PPTX notes import" question. I also created a small de
- Attendee 5 01:52:07] A: [Another attendee posted a URL as to document import. It does an excellent job

Attendee 3 01:54:31] A: [We are going to push the break to 10:50 and start at 10:55 with Abrar's presentation]

Attendee 5 01:55:27] A: [I've been hearing horror stories about insurance companies using AI to deny claims]

Attendee 5 01:55:42] Q: [What is the expected ROI for implementing AI in an organization?]

Attendee 2 01:56:49] A: [Seth Godin's "Linchpin" is a great read on how to remain relevant.]

Attendee 2 01:57:51] Q: [Are we going to get the slides presentation? This presentation is AMAZING!!!]

Attendee 5 01:58:29] Q: [What is next after Gen AI?]

Attendee 2 02:04:00] Q: [Did you check the accuracy of the poll summary?]

Attendee 4 02:07:04] Q: [Would you please speak louder?]

Attendee 2 02:07:51] A: [Hey everyone. Happy to connect. Looking for a sounding board / mentor who is experienced in AI governance]

Attendee 6 02:08:02] A: [I'm finding the volume lower for Abrar than all the others which has been a bit too quiet]

Attendee 6 02:14:42] A: [Citi Bank \$1.5B fines for _lacking_ a governance. The cynic in me says that's cheap]

Attendee 6 02:15:20] A: [One rock per day... but do it in little bits. Sand!]

Attendee 5 02:19:39] Q: [Should we/do we use AI to create AI governance?]

Attendee 2 02:20:43] A: [Ray Kurzweil's "The Singularity Is Nearer" is the best read on the future melding of AI and humanity]

Attendee 6 02:20:44] A: [I can imagine a world without all that: war, famine, etc]

Attendee 2 02:23:25] A: [My gosh that would not go well in my stomach - eating rocks ??]

Attendee 1 02:24:03] A: [Get in front of AI to lead the charge. The world is going to keep evolving. It's a tool for us to use]

Attendee 6 02:25:45] A: [tell you that your health insurance covers this dental work, which is almost never covered by insurance]

Attendee 6 02:28:00] Q: [Is AI-Driven Project Manager (AIPM) a good certification?]

Attendee 4 02:28:27] Q: [Have there been side by side reviews of AI Tools in regard to info gov?]

Attendee 2 02:35:03] A: [Data Governance has historically been a loss-leader in most companies. Look at the AI governance]

Attendee 3 02:36:19] A: [ChatGPT doesn't share user data with third parties without consent. The data is stored locally]

Attendee 2 02:37:59] Q: [Podcast? I'd like to interview on mine as well. ??]

Attendee 6 02:41:13] A: [that's funny. like- oh yeah, we are an Agile house. And no one practices :(]

Attendee 1 02:42:32] A: [We've always done it this way is the fastest way to fail in business.]

Attendee 3 02:43:10] Q: [Is consistency really the goal for knowledge / creative work? I can see it for routine tasks]

Attendee 5 02:44:15] A: [Microsoft is looking to buy a nuclear power plant to fuel their data center for AI.]

Attendee 2 02:44:38] A: [Something to consider from all of these presentations. Prioritize tools with business value]

Attendee 6 02:45:37] Q: [Will there be any sessions today that will take us through processing a project timeline?]

Attendee 2 02:46:38] A: [Something to consider from all of these presentations. Prioritize tools with business value]

Attendee 6 02:46:48] A: [Here's one perspective to your IP/Licensing question of earlier.]

Attendee 5 02:46:55] Q: [How much power is needed to fuel AI in the future?]

Attendee 3 02:48:07] A: [Role-based training is often needed, not just access to the tool]

Attendee 6 02:51:50] A: [Of course we need REAL intelligence to be the basis of ARTIFICIAL intelligence.]

Attendee 3 02:52:32] A: [This is a great opportunity to collaborate with your business analysts! They love |]

Attendee 6 02:54:36] Q: [How many shoes should you eat in a day?]

Attendee 6 02:56:17] Q: [How is "rules" in this context related to older "rules-based" AI-ish systems?]

Attendee 2 02:56:25] Q: [What was the prompt?]

Attendee 4 00:03:47] Q: [how would a customer access this internal ai though?]

Attendee 3 00:04:55] A: [We have a short lunch break coming up after George's presentation]

Attendee 4 00:06:10] Q: [what is the difference between biasing AI responses, and Marketing output?]

Attendee 4 00:06:14] Q: [Can anyone recommend a course/training on using AI for query writing for data science?]

Attendee 4 00:09:02] Q: [Is using a Chat BOT using AI?]

Attendee 2 00:09:10] A: [Yes, super important to show examples of good. And let it improve the first version]

Attendee 3 00:15:04] Q: [Is this in the public version of chatGPT? Assuming paid?

Attendee 3 00:15:37] A: [Looking at costs - it seems that use of private LLMs could replace the feature de

Attendee 3 00:15:57] Q: [But as a public, private person, not an enterprise?

Attendee 2 00:16:07] Q: [could i give it a database of audio files?

Attendee 3 00:18:14] A: [Creating your own custom GPT is very easy in ChatGPT or Claude (called Project

Attendee 3 00:18:34] Q: [And then is the content you upload private or does it become part of the model?

Attendee 3 00:18:54] A: [Depends on which model you are using, but if you have the Enterprise version it

Attendee 6 00:34:28] Q: [a world where everyone is an expert, is anyone really an expert?

Attendee 3 00:35:15] A: [The value from experts that used to be from a knowledge base will shift to more \

Attendee 6 00:37:09] Q: [Protien folding AI's are overnight succes after 20-50 years work by REAL experts

Attendee 7 00:37:18] A: [Big Ray Kurzweil follower for about 20 years here

Attendee 7 00:37:50] A: [We'll still need the experts to validate output until we can irradicate hallucinatio

Attendee 6 00:42:15] Q: [moon construction???

Attendee 3 00:42:49] A: [They also reclaimed a lot of advertising dollars from blogger relying on SEO histo

Attendee 5 00:43:34] Q: [Replies to "moon construction???"

Attendee 7 00:44:54] A: [In space, operating mining equipment while working from home with an AR heac

Attendee 6 00:52:16] A: [Hear, hear -- To the lunch discussion -- AI's work well with HUMAN-generated co

Attendee 5 00:55:13] A: [GAI is sort of like the primordial soup of the cosmos, out of which humans (Gen

Attendee 2 00:56:47] A: [Going back to making sure the governance and the business outcomes are cons

Attendee 5 00:57:27] A: [have to step out for a short bit, back in about 15-20 mins

Attendee 6 00:58:59] A: [Speaking of drudgery... In 1920, the "interesting" prediction for the future of cars

Attendee 2 00:59:56] A: [THIS is a great calculator! Simple and conveys the point beautifully!

Attendee 6 01:00:45] A: [Automation widget - I'd make sure to add context change and opportunity cost to

Attendee 6 01:05:43] Q: [CIA World Fact Book - My mom used to give us (paper) copies of that for Christr

Attendee 3 01:07:13] A: [How to export Jira issues to Excel and CSV - Atlassian Community

Attendee 6 01:07:46] Q: [I know how to do that but to put into an AI tool?

Attendee 5 01:08:28] Q: [After ChatGPT generates the content, what is the easiest way to export the data

Attendee 6 01:09:47] A: [If only someone did scraping of developer data to infer what makes software tea

Attendee 2 01:11:22] A: [Amanda - save your sheet as macro enabled, copy and paste your data into a sh

Attendee 2 01:11:51] Q: [Isn't it better when the AI is already integrated into the tool? Example I see Zoor

Attendee 6 01:13:44] Q: [how was the analysis measured in high, med low? # of mentions?

Attendee 3 01:13:51] A: [Chris is the instructor for our AI for PM class: AI for Project Management

Attendee 5 01:18:23] Q: [We currently don't use an enterprise version of ChatGPT or another AI tool. Doe

Attendee 6 01:20:49] Q: [dang I missed that, what tool exactly is he speaking of?

Attendee 7 01:23:07] A: [Also if you dont use private workspace- all of your data is shared with the world

Attendee 3 01:23:16] A: [If your use case only involves publicly available data then you can feel more com

Attendee 4 01:26:06] Q: [What was the site something UML?

Attendee 3 01:32:06] A: [We are going to run late if anyone is able to stay after 5

Attendee 3 01:32:33] A: [We are going to extend til 5:30 and have the last segment be open forum Q and A

Attendee 6 01:34:54] Q: [are these images found on the net? if created by AI, are they property of the com

Attendee 1 01:35:01] Q: [Are we seeing some inherent AI bias in the results being all women and mostly C

Attendee 2 01:35:08] A: [It's not just you, it's me too. David is the master...

Attendee 6 01:35:54] Q: [who's property are the images?

Attendee 3 01:36:13] A: [They cannot be copyrighted by the user who generated them.

Attendee 2 01:36:40] Q: [Is that an real human being or AI created that?]
Attendee 6 01:37:07] A: [I want to see more of these examples so I can replicate
Attendee 2 01:37:09] Q: [Don't you mean paying an artist to create it?
Attendee 3 01:37:14] A: [Midjourney has a little bit more of a learning curve but you can do this in chatgpt
Attendee 5 01:40:31] Q: [have chatgpt scan your bookshelf? LOL
Attendee 3 01:52:28] A: [as well as AI for BA: Ai For Business Analysis
Attendee 6 01:54:14] A: [Separate documents is a feature of "4o with Canvas". I really like having my "do
Attendee 3 01:57:15] A: [This solves the age old problem of I will know what I want/need when I see it.
Attendee 6 01:57:56] A: [Separating business logic from user interface is a basic skill of an EXPERT huma
Attendee 3 02:03:25] A: [This reminds me of a Dilbert about software writing my requirements for me. htt
Attendee 2 02:09:13] Q: [What tool for the cartoon?
Attendee 2 02:10:54] Q: [Can we get the url for the gpt creation class?
Attendee 2 02:10:54] Q: [Where do I get one?
Attendee 2 02:19:46] Q: [Can you guys post the schedule again?
Attendee 2 02:22:26] Q: [So are these stats are a result of Agile over the last 20 years?
Attendee 6 02:22:32] A: [Why do we miss the mark - Planning Fallacy (it's a HUMAN thing).
Attendee 2 02:23:01] Q: [what are "content issues? in that context
Attendee 2 02:26:04] Q: [what are key barriers to successful AI adoption?
Attendee 2 02:26:09] Q: [are these quotes referenced in slide notes?
Attendee 6 02:27:09] Q: [GenAI projects were 5-10X cost? What is baseline for other projects.
Attendee 7 02:33:21] Q: [Whats the LinkedIn profile link of the speaker?
Attendee 2 02:34:06] Q: [does that number include hardware?
Attendee 2 02:34:39] Q: [So what's in it?
Attendee 3 02:35:49] Q: [What are these roles responsible for?
Attendee 2 02:37:44] A: [I never heard of this at any company in work for
Attendee 2 02:39:53] Q: [I see nothing related to customer centricity... is that part of the role?
Attendee 2 02:41:23] A: [From what I have seen the TPM has been looking for a more technical person. I h
Attendee 1 02:42:25] A: [Your approach as a technical program manager is often entrepreneurial - seeing
Attendee 2 02:44:02] Q: [Is that why their UI sucks?
Attendee 5 02:44:51] A: [TPM - so you take the data from the customers, and bring it to the engineers
Attendee 4 02:45:46] A: [I think a strength of the presentation is opening my horizons to be more aware of
Attendee 6 02:47:14] A: [I like the appreciation of the entrepreneurial background as a key asset
Attendee 8 00:01:03] Q: [Omer, can you be more specific on the technical competence skills required?
Attendee 8 00:03:27] Q: [Does a TPM have multiple Project Managers report to them (given the word Prog
Attendee 2 00:04:47] A: [This role sounds very similar to tech lead (engineer) in a product operating mode
Attendee 4 00:06:02] A: [The examples have been great though focused from a Big Tech perspective. Give
Attendee 2 00:14:57] A: [Wow, that's a big number in a relatively short period of time.
Attendee 2 00:16:17] A: [Because of their foundations in business /healthcare they are doing very well.
Attendee 6 00:17:19] A: [Open Secret -- I would consider low/no code to be a skill and well within his exper
Attendee 6 00:18:47] A: [Citizen Developers -- I've heard of Civic Day of Hacking events.
Attendee 6 00:20:40] Q: [Which is Salesforce? No code? Low code?
Attendee 3 00:21:09] A: [Really interesting story about salesforce since they defined the term no code ori
Attendee 6 00:21:40] A: [So... summary... the group he mentioned was moving from SaaS to Low/No code
Attendee 6 00:24:45] A: [The future is already here - it's just not very evenly distributed.

Attendee 8 00:25:51] A: [Salesforce has a pro code language "Apex". They are promoting low: no code dev

Attendee 2 00:28:28] Q: [See Kurzweil's LOAR (Law of Accelerated Returns): <https://www.businessinside>

Attendee 3 00:29:02] Q: [Would tools like Keap, Samcart, Kajabi be considered no code apps?]

Attendee 6 00:29:03] Q: [For "yes"... what are you using?]

Attendee 8 00:29:37] A: [Yes. We use Microsoft Power Platform for both pro code and low code

Attendee 9 00:32:08] A: [Also, check out Scratch from MIT Media Lab. It's programming for kids that looks

Attendee 2 00:33:20] A: [See my earlier post on disillusionment with IT from the C-suite

Attendee 6 00:33:39] Q: [what's an example of no code tools being used in IT Ops?]

Attendee 8 00:36:34] A: [Project Management Institute pmi.org has a micro certification in Citizen Devlcl

Attendee 2 00:42:59] A: [Great timing to hear about certifications that can tie to Skills courses.

Attendee 5 00:45:45] Q: [do you have details on pursuing an AI PM cert?]

Attendee 6 00:47:36] A: [I'm the guy who had to write a business plan --it was worth it

Attendee 5 00:48:19] Q: [is there such a think as AI Business Analyst cert?]

Attendee 5 00:56:16] A: [Here is a list for all of our current certifications and more coming every month! ↪

Attendee 3 00:59:40] A: [Use the code AIUS25 for 25% off any Skills AI course, I will email this out as well

Attendee 2 01:07:34] Q: [Isn't there a Federal Technology Office that's supposed to an overseer to the age

Attendee 6 01:09:04] Q: [How can AI (with its implied neural nets) be explainable? The whole idea of lea

Attendee 2 01:09:16] A: [FedRAMP is required for our group. They also created an internal group who revie

Attendee 5 01:11:50] A: [Yes! If we are not focusing on the humans and good communication, the initiati
